Deadline for manuscript
submissions:

22 January 2025

Message from the Guest Editor

Topical subjects of interest for this Special Issue include, but are not limited to:

- Strategic links between corporate strategy, through environmental and social criteria,

and a firm's economic performance (taking into account various stakeholders);

- The strategic impact of environmental and social standards/efforts on the market value of firms;
- Corporate sustainability* and corporate strategy for firm performance;
- The risk factors of environmental and social issues for accountable managers;
- Strategic evaluation of environmental and social risk in terms of managerial decision-making;
- The strategic competencies of environmental and social investing;
- Technology issues with environmental and social strategies for firm sustainability;
- The strategic significance and value of environmental and social focuses for firm performance;
- The integration of environmental and social criteria with a firm's economic performance;
- Strategic determinants of a firm's performance through environmental greening and corporate social responsibility across different industries and countries.
