Dr. Muhammad Rafiq

Department of Electrical
Engineering, University of
Engineering and Technology,
Taxila, Pakistan

Message from the Guest Editors

This Special Issue sheds light on the future and sustainable development of green energy transmission. This Special Issue welcomes papers related to clean energy (geothermal energy, hydropower, solar energy, wind energy), nuclear energy, low-carbon technologies, and energy transition in all sectors (industries, agriculture, transport and households). We also welcome both qualitative and quantitative research, as well as empirical and theoretical works.

Deadline for manuscript

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
