Deadline for manuscript
submissions:
closed (8 January 2024)

Message from the Guest Editors

Dear Colleagues,

This Special Issue of *Sustainability* focuses on the effects of climate change on aquatic and wetland ecosystems. We invite the submission of papers dealing with ecological risk assessment for wetland ecosystems, patterns and dynamics of community structures, ecosystem processes' functional sustainability, ecosystem restoration, etc. New approaches to derive risk assessment and management in wetlands are also of interest. New research papers, reviews and case reports are welcome, as well as methodological papers, brief reports, and commentaries.

We look forward to receiving your contributions.

Dr. Zhongli Chen

Dr. Rong Sun

Prof. Dr. Yu-Ying Li

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
