

## Advances in Digital Technologies Used in Architecture/Building Engineering and Construction Management

Guest Editor:

**Dr. Quddus Tushar**

Faculty of Science and  
Engineering, Southern Cross  
University, Gold Coast, Northern  
Rivers, NSW, Australia

Deadline for manuscript  
submissions:

**30 April 2025**

### Message from the Guest Editor

The Issue welcomes papers on the topics of below: the theoretical models incorporating time and cost data into BIM; building management and maintenance modeling; optimized solutions regarding Net-Zero Energy Buildings; bio-composites and recycled materials in construction with lower environmental impact; LCA to compare and analyze building materials; efficiency enhancing by robotics and automation; innovative materials for 3D printing; energy management systems for real-time monitoring; smart sensors and controls for better indoor air quality, lighting, and temperature regulation; robots for specific and complex construction tasks in adverse conditions; applicability of using drones for automated site inspection, surveys, and progress monitoring; visualization for architectural designs; safe working environment with AR headsets; self-healing materials; optimization employing ML algorithms; predictive maintenance schedule using AI; operational efficiency improve by digital twins; analyze safety data and predict the potential hazards; climate-resilient buildings; improve urban living conditions and efficiency by IoT and smart technologies.

We look forward to your contributions.

an Open Access Journal by MDPI

## Editor-in-Chief

### **Prof. Dr. Marc A. Rosen**

Faculty of Engineering and  
Applied Science, University of  
Ontario Institute of Technology,  
Oshawa, ON L1G 0C5, Canada

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
