Plasencia, Spain

Deadline for manuscript
submissions:

26 January 2025

Message from the Guest Editors

Dear Colleagues,

It is our pleasure to invite you to contribute to our journal's Special Issue on "Agroforestry Engineering and Sustainability". Based on your experience and significant contributions in this field, we believe that your research would be valuable to this Special Issue.

These should address how agricultural and forestry engineering plays a fundamental role in sustainable development, demonstrating how it addresses current challenges related to the engineering of biosystems and the sustainable conservation of natural resources. Special contributions will serve to present technological and methodological advances in construction engineering, hydraulic engineering, environmental engineering, agricultural and forestry machinery, natural resource management policies, renewable energies, artificial intelligence, and other engineering applications that contribute to environmental, economic, and social sustainability.

We look forward to receiving your contributions.

an Open Access Journal by MDPI

Editor-in-Chief

Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
