Deadline for manuscript submissions:

22 May 2025

Message from the Guest Editors

In this Special Issue, original research articles and reviews are welcome and research areas may include, but are not limited to:

- Sustainable urban water management in theory and practice;
- Cost-benefit analysis:
- Life cycle analysis;
- Stormwater reuse;
- Wastewater reuse and recycling;
- Fit-for-purpose water sources;
- Examples of retrofitting urban areas for SUWM;
- Nutrient capture and reuse from stormwater and wastewater;
- Biodiversity and environmental benefits arising from SUWM;
- Implementation of advanced technologies;
- Low-tech SUWM solutions in low-middle income countries;
- Societal benefits arising from SUWM.

I look forward to receiving your contributions.

Dr. Stewart Dallas Dr. Biji Kurup Dr. Martin Anda

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. Sustainability publishes original research articles, review articles and communications, I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
