

Sustainable Synergies: Integrating Energy, Environmental and Economic Systems

Guest Editor:

Prof. Dr. Mousa S. Mohsen

Commission for Academic
Accreditation, Ministry of
Education, 26th St., Khalifa City
SE-43, Abu Dhabi, United Arab
Emirates

Deadline for manuscript
submissions:

15 October 2024

Message from the Guest Editor

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

Energy Transitions and Environmental Impacts:

Investigation of sustainable energy sources and technologies;

Assessment of the environmental consequences and ecological footprints associated with energy production and consumption.

Economic Dynamics in Sustainable Development:

Analysis of economic models that promote sustainable development;

Examination of the role of economic policies in achieving environmental and social objectives.

Holistic Approaches to Sustainable Practices:

Exploration of integrated strategies that harmonize energy, environmental, and economic goals;

Case studies demonstrating successful models of sustainable practices in diverse socio-economic contexts.

Technological Innovations and Solutions:

Presentation of innovative technologies and solutions that enhance the synergy between energy, environmental conservation, and economic development.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
