

Augmented Reality and Virtual Reality-supported Sustainable Education

Guest Editors:

Prof. Dr. Gwo-Jen Hwang

Graduate Institute of Digital Learning and Education, National Taiwan University of Science and Technology, Taipei City 106335, Taiwan

Prof. Dr. Haoran Xie

Department of Computing and Decision Sciences, Lingnan University, Hong Kong

Prof. Dr. Xiao-Fan Lin

Guangdong Provincial Engineering and Technologies Research Centre for Smart Learning, South China Normal University, Guangzhou 510631, China

Deadline for manuscript submissions:

closed (31 October 2021)

Message from the Guest Editors

We encourage researchers and practitioners to submit original research contributions that may be articles, case studies, critical perspectives, and reviews on topics related to this issue, including, but not limited to, the following:

- Augmented reality, virtual reality, mixed reality, and other advanced immersive computer technologies
- Human interface device (HID) to stimulate human touch
- New devices in VR and AR used in education
- The integration of emerging technologies with AR and VR
- New ways of situated education with AR and VR
- The integration of situated educational training with AR and VR
- Situated learning with AR and VR
- The systematic review of AR and VR
- The integration of children's educational books and picture books with AR and VR
- Human mental health and sustainable development
- Economic sustainability, sharing economy, digital economy
- Anti-epidemic biochemical materials
- Manufacturing
- Environmental protection
- The community of human destiny
- Historical and cultural sustainability

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and
Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
