Message from the Guest Editor

Dear Colleagues,

I invite high quality OSCM (Operations and Supply Chain Management) papers with sustainability considerations for publication in the Sustainability journal.

The topics in this Special Issue include general OSCM issues, including, but not limited to:

- (1) Innovative business models with sustainability
- (2) Eco-friendly product design and sustainable packaging
- (3) Green warehousing, logistics and transportation
- (4) Closed-loop systems and reverse logistics
- (5) Inventory management with sustainability
- (6) Sustainable operations planning and scheduling
- (7) Supply chain efficiency and productivity for services and manufacturing
- (8) Sustainable procurement and supplier selection management
- (9) Environmentally conscious production strategies in service and manufacturing sectors
- (10) Value of information in sustainable supply chain management

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
