

## Artificial Intelligence for Sustainable Services and Applications

Guest Editors:

**Dr. Muhammad Syafrudin**

**Dr. Ganjar Alfian**

**Dr. Muhammad Anshari**

**Dr. Tony Hadibarata**

### Message from the Guest Editors

This Special Issue aims to cover recent advances in artificial intelligence (AI) for healthcare with a sustainability perspective in mind, from both academic researchers and industry developers. Any type of article aligned with the journal (original research, case study, technical report, short communication, and reviews) is welcome for this Special Issue. Topics of interests include, but are not limited to, the following:

Deadline for manuscript  
submissions:

**closed (30 September 2021)**

- Health informatics
- Artificial intelligence in healthcare
- Personalized healthcare
- Incorporating sustainable practices in healthcare
- Sustainable healthcare services and applications
- Electronic and mobile health
- Clinical decision support systems
- IoT and big data in healthcare
- Machine learning and deep learning in healthcare
- Descriptive, diagnostic, predictive analytics in healthcare
- Data security and privacy in healthcare
- Machine learning to understand human behavior and well-being
- New algorithms for medical and healthcare data analytics
- Predictive analysis in personalized healthcare

an Open Access Journal by MDPI

Ontario Institute of Technology,  
Oshawa, ON L1G 0C5, Canada

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
