

## Asymmetric Response of Trade Flows to Exchange Rate Volatility

Guest Editor:

**Dr. Augustine Chuck Arize**

Department of Economics and  
Finance, College of Business,  
Texas A&M University-Commerce,  
Commerce, TX, 75429 USA

Deadline for manuscript  
submissions:

**closed (30 November 2020)**

### Message from the Guest Editor

The topical issues of interest include, but are not restricted to:

An asymmetric consideration of exchange rate changes on trade balance using developed or developing economies data;

An asymmetric consideration of exchange rate volatility on trade flows in developed or developing countries;

Bilateral trade flow reactions to exchange rate in the face of currency appreciation and depreciation using evidence of both a country-specific and cross-country nature.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
