Science and Management,
Wrocław University of Science
and Technology, 50-370 Wrocław,
Poland

Message from the Guest Editors

Recently, tourism has been experiencing unprecedented perturbations. First, the COVID-19 pandemic and lockdowns, and now the energy crisis related to Russia's aggression against Ukraine, as well as increasingly noticeable climate change impacts, have led to the need to redefine the directions of tourism development. Additionally, the effects of tourism itself—gentrification of historic town centres, and environmental issues related to cruisers and flying—force us to reflect on its future.

Deadline for manuscript
submissions:

31 December 2024

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
