Deadline for manuscript
submissions:

closed (31 January 2022)

Message from the Guest Editor

This Call for Papers seeks original and relevant conceptual and empirical papers on how big data analysis provides tourism actors, organizations, territories, and ecosystems with new opportunities for creating economic, social, and environmental values.

The topics of interest and research questions in the Special Issue include but are not limited to the following:

- Big data business models and environmental issues in hospitality and tourism;
- Big data analytics for sustainable tourism;
- The influence of big data on the creation of social value in hospitality and tourism;
- Big data tools that promote sustainable development of tourism;
- Big data social innovation in hospitality and tourism;
- Sustainable economic growth of tourism ecosystem;
- Big data for conservation of natural and cultural heritage;
- Big data on waste problems in tourism;
- Climate change and tourism in the big data environment;
- Customer sustainable behavior and big data tools in tourism.

an Open Access Journal by MDPI

Faculty of Engineering and
Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
