

Consumer Preferences for Alternative Fuels, Automation, and Shared Mobility in Transportation

Guest Editor:

Dr. Bradley W. Lane

Urban Planning Program, School of Public Affairs and Administration, University of Kansas, Snow Hall 217,1460 Jayhawk Blvd. Lawrence, KS 66045, USA

Deadline for manuscript submissions:

closed (31 October 2019)

Message from the Guest Editor

This call for papers seeks submissions studying these changing technologies in transportation; how consumer preferences and household behavior influences the interest in and adoption of those technologies; and how this may impact sustainability in transportation. Relevant topics include, but are not limited to: travel, charging, or refueling behavior; diffusion of technologies and vehicles; research focused on experiences and impacts in the developing/less developed work; role of attitudes, education, knowledge, or perception in interest in technology adoption; impacts on equity, energy demand, or the environment; location and network characteristics; impacts on land-use, development, and housing location; policies and regulations; smart cities; public transportation; freight transportation; socio-economic, demographic, and cultural impacts; role of planning and education; mainstream adoption factors and adopter behavior; and overlap/tradeoffs among AFVs, CAVs, and shared mobility.

an Open Access Journal by MDPI

Editor-in-Chief

Faculty of Engineering and
Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
