Dr. Anne Yenching Liu

Department of Business Administration, National Yunlin University of Science and Technology, Douliu City, Taiwan

Deadline for manuscript submissions:

closed (31 October 2022)

Message from the Guest Editors

To apply sustainable data-driven innovations, the response to environmental, economic, and social challenges needs to be investigated. Reviews and research can include the impact of data-driven on business operations, product and service quality, stakeholders' experience and expectations, and performance in the supply chain. In this Special Issue, we invite submissions with the focus on sustainable data-driven innovation in supply chains. We welcome submissions that offer important conceptual and empirical insights into the nature and processes of data-driven technology, supply chain management, sustainable development, and sustainable innovation.

Keywords

- data-driven innovations
- data-driven supply chains
- data-driven technology
- data-driven society
- data-driven service
- decision-making
- user experience
- sustainability

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
