

## Designing Sustainable Urban Soundscapes

Guest Editors:

### Dr. Jooyoung Hong

Assistant Professor (Ph.D.),  
Department of Architectural  
Engineering, Chungnam National  
University, Daejeon, Korea

### Dr. Bhan Lam

Research Fellow, School of  
Electrical and Electronic  
Engineering, Nanyang  
Technological University,  
Singapore

Deadline for manuscript  
submissions:  
**closed (31 January 2023)**

### Message from the Guest Editors

Dear Colleagues,

We are inviting submissions for the Special Issue “**Designing Sustainable Urban Soundscapes**”, which aims to gather research results concerning urban soundscape research, education, and design.

Although the body of literature and multi-disciplinary research on soundscape has been growing in the last two decades, there is still a strong need to bridge the gap between academia and practice by providing a holistic framework of urban soundscape education, research, and design. For this reason, we are launching this call for a Special Issue on **Designing Sustainable Urban Soundscape**. This Special Issue will include a collection of original research articles, soundscape education, design practices, technical notes, and review papers on the following list of topics:

- Community noise;
- Environmental noise;
- Soundscape design;
- Soundscape mapping;
- Education in soundscape;
- Psychoacoustics for soundscape;

For further reading, please visit the [Special Issue Website](#).

an Open Access Journal by MDPI

## Editor-in-Chief

### **Prof. Dr. Marc A. Rosen**

Faculty of Engineering and  
Applied Science, University of  
Ontario Institute of Technology,  
Oshawa, ON L1G 0C5, Canada

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
