### Message from the Guest Editor

Dear Colleagues,

This Special Issue on the Sustainability of Energy Conversion and Management Sustainability is a scientific and technical platform that publishes original and multidisciplinary research results on various current and future aspects of energy.

The articles covered by the Special Issue must cover at least one of the above research fields. They must identify or point out innovative aspects of the studied systems, technologies, methodologies, or analytical techniques. Finally, priority will be given to work whose analytical results are supported by experimental validations.
