submissions:

closed (31 December 2021)

Message from the Guest Editors

The purpose of this Special Issue is to set a discussion on how to make explicit and expand this cultural side of EIA. Both conceptual and case-based papers are welcome. Examples of contents include but are not limited to:

- Cultural lessons we may learn from the EIA procedure;
- Case studies on the ethical dimensions of EIA;
- Cultural traditions that may provide inspiration to enhance the EIA procedure;
- Cultural views on EIA practices.

This Special Issue will contribute to an integrated understanding of the importance EIA has in current societies. Complementing technical knowledge with a humanistic perspective is key for researchers and practitioners to understand and perform EIA in a holistic way that maximizes the full potential of this procedure as a tool for sustainability.

an Open Access Journal by MDPI

Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
