**Dr. Mengmeng Xu**

School of Economics and  
Management, Nanjing University  
of Science and Technology,  
Nanjing 210000, China

Deadline for manuscript  
submissions:

**20 July 2024**

### Message from the Guest Editors

We welcome empirical, theoretical, and review papers on topics that include, but are not limited to:

Economic Viability of Renewable Energy Sources: Examining the economics of solar, wind, hydro, and other renewable energy sources;

Green Technologies and Innovations: Evaluating the impact of green technologies on industrial development and environmental conservation;

Policy Frameworks for Green Industry: Comparative analyses of governmental policies that stimulate or hinder the growth of green industries;

Resource Management for Sustainability: Approaches to managing natural resources in a manner that balances economic growth and environmental protection;

Market Dynamics in Green Industries: Studies on supply and demand, competition, and other market forces in green industry;

Sustainable Business Models: Evaluating how businesses in the green sector can achieve profitability while meeting environmental and social goals;

Global and Regional Case Studies: Analyses that offer lessons from specific geographies regarding the development of green industry;

Energy Transitions and Infrastructure: Studies on the shift from fossil-fuel-based systems to sustainable energy infrastructures.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
