Message from the Guest Editors

Dear Colleagues,

This Special Issue aims to compile and provide information on sustainability and human well-being in Latin America from different perspectives that, together, can contribute to different sectors of society for the implementation and consolidation of the New Urban Agenda. Contributions will be aligned (but not limited) to the following topics:

- Theory, history and study cases;
- Governance;
- Urban planning;
- Biodiversity;
- Ecosystem services and disservices;
- Architecture and urbanism;
- Science and society;
- Public policy;
- Green Infrastructure;
- Urban agriculture;
- Urban ecology

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and
Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
