Message from the Guest Editors

Research areas may include (but not limited to) the following:

- The environmental impact of IT: This includes studies into energy consumption of IT infrastructures, strategies for minimizing electronic waste, and the design of eco-friendly technologies and data centers.
- Sustainable IT for social and economic development: Investigations into how IT can facilitate sustainable development goals, enable green business models, and contribute to economic growth while respecting the planet's boundaries.
- Privacy and security in the digital age: Analysis of the privacy challenges posed by technological advancements, strategies for safeguarding data, and methods of ensuring cybersecurity in an increasingly connected world.
- IT in cultural sustainability: Exploration of how IT can aid in preserving and promoting cultural heritage and practices in a sustainable way.
- Ethics and regulation of IT: Insights into the ethical dilemmas posed by IT, discussions on policy-making for sustainable and secure IT development, and debates on global digital rights.
- Future trends in sustainable IT: Predictions and analysis of emerging trends, technologies

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and
Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
