Management, Penza State
University, Penza 440039, Russia

Deadline for manuscript
submissions:

closed (17 October 2022)

Message from the Guest Editor

We look for theoretical and empirical research able to investigate a variety of issues, such as:

- Sustainable business model developing cases
- Non-traditional methodologies
- Analysis of the relationship among the development of digital technologies, sustainability-led innovations and open innovation approaches
- Identification of influencing factors linked to the exploitation of sustainability-led innovations by industrial enterprises
- Ecosystem approaches to sustainable socioeconomic development
- Analysis of the role of digital tools able to nurture innovative sustainable development in different industries
- Evaluation of the contribution of digital technologies to innovation ecosystems development: regional, national and local level
- Analysis of the impact of digital technologies on organizational and innovation performances
- Investigation of the relationship between the institutional entrepreneurial environment and innovation outcomes: regional, national, and local levels
- Identification of moderating/mediating factors of the relationship between sustainable development processes and key business outcomes for industrial enterprises.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
