Deadline for manuscript submissions:

**closed (11 May 2024)**

### Message from the Guest Editors

We intend to collect recent studies in this Special Issue; original research articles and reviews are welcome.

Relevant topics include (but are not limited to) the following:

- Urban transitions and sustainable urban development;
- Requirements on climate change;
- The role of nature in urban environments;
- Urban planning and spatial planning issues;
- Urban-rural gradient, intra- and peri-urban particularities;
- Demand-side reduction in greenhouse gases;
- Systems analysis and system simulation;
- Scales of application.

We look forward to receiving your contributions.

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
