### Message from the Guest Editors

Dear Colleagues,

The goal of this Special Issue is to provide a comprehensive understanding of the ecological, social, and economic dimensions of marine conservation and resource management. This Special Issue will cover topics such as the following:

- Habitat restoration techniques and their effectiveness;
- Sustainable fisheries management practises;
- The role and impact of marine protected areas (MPAs);
- The effects of climate change on marine biodiversity and resources;
- Socio-economic impacts of marine conservation efforts;
- Integration of traditional ecological knowledge and scientific research;
- Policy and governance frameworks for sustainable marine management;
- Innovative approaches to combat pollution and marine debris;
- Community-based conservation initiatives;
- Eutrophication and its impact on marine ecosystems;
- Marine pollution and its impact on marine ecosystems.

an Open Access Journal by MDPI

## Editor-in-Chief

Applied Science, University of  
Ontario Institute of Technology,  
Oshawa, ON L1G 0C5, Canada

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
