and Environmental Sciences,
Università politecnica delle
Marche, 60123 Ancona, Italy

Deadline for manuscript
submissions:

closed (31 March 2023)

Message from the Guest Editor

Specific areas of interest therefore include but are not limited to the following:

- Theoretical framework for the analysis of sustainability in OAASC;
- Approaches to measure and assess sustainability in OAASC;
- Economic and financial sustainability of OAASC;
- Ecosystem services and OAASC: classification, measurement, and comparison with alternative farming systems;
- Sustainability of organic livestock production in terms of use of soil and natural resources, profitability, and carbon emissions;
- Sustainability along the supply chain for organic products, including social and economic equity, and environmental issues related to processing and/or distribution;
- Consumers' attitude toward sustainable food products and effectiveness of organic labeling;
- Certification;
- Innovation in organic systems to enforce sustainability: organic seed development, breeding traits selection, precision farming, innovative technical means, etc.;
- Social sustainability and inclusivity in OAASC;
- Sustainability in the context of the international trade of organic products.

an Open Access Journal by MDPI

Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
