Message from the Guest Editor

Dear Colleagues,

We are pleased to launch a new Special Issue focusing on recent developments in the field of biotechnology and its application in the food as well as other industries. The focus of this Special Issue is to collect submissions addressing the challenges that production faces, focusing on the novel ways that will make industries more sustainable and friendlier to the environment. In this Special Issue, original research and review articles as well as case studies are welcome. Research areas may include (but are not limited to) the following:

- Environmental impact
- Biotechnology
- Food production
- Sustainable production
- Sustainability
- Waste management
- Waste valorization

I look forward to receiving your contributions.
