Deadline for manuscript  
submissions:

**1 December 2026**

### Message from the Guest Editors

The scope of this Special Issue is to explore the role played by Knowledge management in designing and achieving Business sustainability in the context of knowledge economy. Knowledge became, in recent decades, a strategic resource that is crucial in developing dynamic capabilities and achieving competitive advantage. Knowledge-intensive businesses had almost an exponential evolution in recent years, especially during this COVID-19 pandemic crisis. Managing uncertainty as a result of knowledge absence is based on the capacity of knowledge management to create new knowledge and to share it intra-organizational and inter-organizational stimulating innovation and entrepreneurship. Business development is strongly dependent on efficient knowledge management systems and knowledge strategies. The purpose of the present Special Issue is to reveal the dynamics between Knowledge management and Business sustainability, and to explore new ideas, theories, models, strategies and practical lessons which can be implemented by companies to increase their competitiveness and value creation for society.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
