Message from the Guest Editors

Dear Colleagues,

The global commitment to the scope of the Sustainable Development Goals (SDGs) by the year 2030 requires organizations and countries to orient themselves towards carrying out actions of a very diverse nature. The objectives pursue human rights, protection of the planet, poverty elimination, etc., all of them in order to ensure prosperity. This issue addresses a large set of topics, capable of supporting the achievement of the SDGs from the actions of CSR, with the focus on the 2030 Agenda. We want to offer a vision focused on both developed and developing countries. At the same time, it is interesting to analyze the investments to be made to achieve the SDGs and the role played by entrepreneurs, who should be oriented in the generation of socially responsible ideas and businesses. Finally, once certain SDGs have been achieved, we can try to evaluate and measure them, in order to report the appropriate information that transcends the borders of the organization.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
