Huelva, Spain

Message from the Guest Editors

The Special Issue aims to provide new theoretical and empirical knowledge on business and/or sectoral policies, strategies, and responses which are aimed at improving alignment with sustainable development goals: protection of the marine environment, reduction in illegal unreported fishing, minimisation of carbon footprints, sustainable exploitation of resources, the activity of small-scale fishing and minimisation of organic and non-organic waste from the activity.

This Special Issue will benefit social scientists, administrators, fishermen, and other groups who are interested in achieving the objectives of sustainable development in fisheries and aquaculture.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
