submissions:

closed (31 January 2022)

Message from the Guest Editors

This Special Issue of *Sustainability* invites papers that focus on the relationship between smart city development and sustainability and address the following key questions in particular:

1. Are existing conceptualizations of smart cities adequate to capture the multiple dimensions of sustainability?
2. Under what conditions do smart cities promote environmental, social, and economic sustainability?
3. Which methodological frameworks can be used to assess the impact of smart cities on sustainability?
4. What lessons have been learned from the implementation of smart city development strategies and their effects on sustainability?

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
