Deadline for manuscript
submissions:

31 August 2024

Message from the Guest Editors

The goal of this Special Issue is to portray innovative approaches highlighting promising applications of communication technologies in residential communities that are aimed at increasing sustainable and environmental behavior and reducing resource consumption.

Example Topics

- integration of technological design and social characteristics
- social engineering and design
- adoption of smart home technologies
- forms and effects of feedback utilizing smart devices
- learning and habituation of energy consumption
- adaptive and individualized behavioral feedback
- communication technology affordances
- emotional displays of technologies
- effects of information representation
- use and effects of virtual assistants (such as Alexa and Siri)
- understanding of attitudes and behaviors, and characteristics of community residents and groups and organizations within the community
- support of sustainable behavior
- technological nudging
- human AI interaction and decision making

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and
Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
