

## New Concepts and Policies for Sustainable Engineering

Guest Editors:

**Prof. Dr. Wafaa Saleh**

**Dr. Areej Malibari**

**Dr. Marwa Ismail**

**Dr. Shabana Urooj**

**Dr. Shekaina Justin**

Deadline for manuscript  
submissions:

**closed (30 September 2022)**

### Message from the Guest Editors

This Special Issue invites contributions on concepts, applications and reviews that address challenges to and opportunities for sustainability. The issue includes, but is not limited to, sustainable resources, renewable energy, energy saving smart technologies and management, food and other resource waste utilisation, reducing carbon emissions, protecting environment tools and techniques to keep the ecosystems of our planet in balance.

Major topics of interest also include:

- New concepts, strategies and policies for sustainable engineering;
- Smart management and technologies for energy policies;
- Big data applications in sustainable engineering;
- Implications of emerging technologies in the field of sustainability;
- Implications of innovative models and approaches to assess sustainability;
- Renewable energy and environmental sustainability;
- Logistics and industrial applications of sustainability;
- Integration of new mobility services with electromechanics systems;

an Open Access Journal by MDPI

## Editor-in-Chief

Applied Science, University of  
Ontario Institute of Technology,  
Oshawa, ON L1G 0C5, Canada

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
