Message from the Guest Editors

Dear Colleagues,

Sustainability launches a Special Issue on environmental sustainability in mining. Dr. Andreas Ciroth and Claudia Di Noi serve as Guest Editors.

The Special Issue focuses on three points:

1. The ways to determine the environmental and sustainability impact of mining, in a fair, sufficiently comprehensive, and efficient way;
2. The ways to make mining more sustainable, with emphasis on environmental impacts, illustrated with practical cases or theory;
3. The ways, and good and not so good practices, to communicate information about environmental and other sustainability impacts, of mining activities, to local communities, and other stakeholders.

Contributions are welcome!

Dr. Andreas Ciroth
