Message from the Guest Editor

Dear Colleagues,

The research topics of this Special Issue could be focused on but not limited to:

- Sustainable energy efficiency and use: definitions and perspectives;
- Sustainable energy efficiency and use in the context of SDGs;
- Sustainable energy efficiency and use: implication for consumption and business initiatives;
- Sustainable energy efficiency and use: socioeconomic and environmental impacts;
- Sustainable energy efficiency and use: spillover effects across sectors and countries;
- Sustainable energy efficiency and use: drivers of changes and policy implications;
- Sustainable energy efficiency and use from renewable, nonrenewable, and nonconventional energy sources;
- Sustainable energy efficiency and use: top-down and bottom-up initiatives;
- Sustainable energy efficiency and use: partnerships across developed and developing countries and across the private and the public sectors;
- Sustainable energy efficiency and use: metabolism of countries and socioeconomic and environmental implications.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
