University, Seoul 130-701,
Republic of Korea

Dr. Neil Yuwen Yen

School of Computer Science and
Engineering, The University of
Aizu, Aizu-Wakamatsu 965-8580,
Japan

Message from the Guest Editors

This Special Issue aims to discuss the connection between sustainability, human beings, and electronic commerce, from theoretical, methodological, and disciplinary perspectives. We invite you to contribute to this issue by submitting comprehensive reviews, case studies, and research articles. In particular, electronic commerce methods specifically devised, adapted, or tailored to address problems in sustainability applications, or sustainability methods that have been demonstrated to be particularly effective at solving electronic commerce related problems, are welcome.

Deadline for manuscript
submissions:

Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
