Message from the Guest Editors

This Special Issue aims to discuss the connection between sustainability, human beings, and electronic commerce, from theoretical, methodological, and disciplinary perspectives. We invite you to contribute to this issue by submitting comprehensive reviews, case studies, and research articles. In particular, electronic commerce methods specifically devised, adapted, or tailored to address problems in sustainability applications, or sustainability methods that have been demonstrated to be particularly effective at solving electronic commerce related problems, are welcome.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
