submissions:

closed (31 July 2023)

Message from the Guest Editors

Dear Colleagues,

GEs encourage submissions addressing the intersection between construction safety and sustainability. Topics of interest for this SI include but are not limited to:

- Impact of sustainable design and construction on safety performance and different green rating systems on worker safety on construction safety;
- Integrating worker wellbeing, health and safety into sustainable design and construction; Innovative safety practices and technologies for sustainable design and construction;
- Impact of workforce sustainability on construction employee health, wellbeing, and safety;
- Barriers and enablers to the implementation of Prevention Through Design LEED Pilot Credit on sustainable construction projects;
- Impact of Prevention Through Design LEED Pilot Credit on safety performance in sustainable construction projects;
- Investigating the relationships between PtD, sustainability practices and safety outcomes;
- Developing specific PtD and construction-site safety training as part of continuing education programs for LEED Accredited Professionals;
- Impact of Integrative LEED Process on construction safety and constructability of sustainable construction projects.

an Open Access Journal by MDPI

Editor-in-Chief

Faculty of Engineering and
Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
