submissions:

closed (25 March 2024)

Message from the Guest Editors

This Special Issue (SI) focuses on the latest developments in sustainable operation practices and management, such as the adoption of environmentally friendly technologies, decision optimization, operations research, strategic management and corporate social responsibility (CSR) programs, their performance and benefits impacting workers and other stakeholders, as well as inspiring further sustainability concerns. We earnestly invite scholars from various backgrounds and study areas to submit papers and reports related to the field of sustainable operations.

- sustainable operations
- environmentally friendly technologies
- decision optimization
- operations research
- coordination mechanism
- strategic management
- CSR programs
- emission reduction
- energy efficiency
- resource conservation

an Open Access Journal by MDPI

Editor-in-Chief

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
