Message from the Guest Editors

Dear Colleagues,

In recent years, small and medium-sized enterprises have embraced the Industry 4.0 strategy and direction, as well as developed the trends of customization and quick response manufacturing with relatively flexible production. In addition, through digital technology methods such as digitization and digital optimization, digital transformation is carried out to change business models and corporate cultures.

For this Special Issue, we encourage authors to explore the sustainable development of small and medium-sized enterprises in consideration of technological innovation, resilience, creativity, and learning. Potential topics include, but are not limited to, the following:

- Sustainability;
- Creativity;
- Innovative model;
- Industry 4.0 strategy;
- Digital transformation;
- Corporate ESG;
- Waste reduction;
- Carbon reduction;
- Green design;
- Big data analysis.

We look forward to receiving your contributions.
