Message from the Guest Editors

Dear Colleagues,

In today's rapidly changing and globally connected world, business innovation and sustainability are two essential components. The Internet of Things (IoT) has emerged as a game-changing technology that can significantly contribute to sustainable development and business innovation.

With this vision in mind, this Special Issue is dedicated to the following themes, and we extend an invitation for the submission of your research to help further advance science:

Business Innovation:

- (i) Competitive advantage.
- (ii) New revenue streams.
- (iii) Process optimization.

Sustainability:

- (i) Resource efficiency.
- (ii) Environmental monitoring.
- (iii) Circular economy.

The synergy between innovation and sustainability:

- (i) IoT-driven innovation.
- (ii) Sustainable practices.
- (iii) Adopting sustainability.

We look forward to receiving your contributions.
