

## Biomass Conversion and Biofuels

Guest Editors:

### Dr. Yang Guo

Key Laboratory of Thermo-Fluid Science and Engineering, Ministry of Education, School of Energy and Power Engineering, Xi'an Jiaotong University, Xi'an 710049, China

### Dr. Yanhui Li

School of Energy and Power Engineering, Xi'an Jiaotong University, Xi'an 710049, China

Deadline for manuscript submissions:

**closed (30 April 2022)**

### Message from the Guest Editors

Authors are encouraged to submit manuscripts which may describe outstanding experiment-, modeling-, or data-based studies and reviews of relevant engineering and applications. The specific topics of interest include, but are not limited to:

- Biofuel production—fermentation, thermochemical conversion, carbonization, acid- or base-catalyzed conversions, biofuel upgrading, etc.
- Biomass utilization—direct combustion, gasification, electricity production, chemical processes, and byproduct remediation, etc.
- Biofuel utilization and its environment impact—carbon cycle, the net energy efficiency of bioenergy systems, assessment of sustainability and biodiversity issues, etc.
- High value products from biomass—platform chemical production, preparation of carbon-based functional materials, etc.

an Open Access Journal by MDPI

Applied Science, University of  
Ontario Institute of Technology,  
Oshawa, ON L1G 0C5, Canada

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
