Deadline for manuscript submissions:

closed (1 November 2020)

Message from the Guest Editors

Dear Colleagues,

We invite you to submit papers to this Special Issue on managing risks and opportunities in complex projects. We are looking for research contributions on topics such as:

- Complexity factors—what are the complexity drivers in large complex projects (urban devolvement of cities and municipalities)?
- Typology of complexity;
- Classification of risks and opportunities in varies types of projects;
- Opportunity identification techniques and approaches;
- Risk and opportunity management approaches for complex projects;
- Tools and techniques for managing risk and opportunities in complex projects;
- Critical success factors for complex projects;
- Value of effectively managing risks and opportunities during planning and from the different stakeholders' perspective;
- Case studies and lessons learned.

Complex projects are found in different industrial and public sectors and span...

Prof. Asbjørn Rolstadås

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
