Deadline for manuscript  
submissions:

**closed (1 November 2024)**

### Message from the Guest Editor

Dear Colleagues,

Smart cities, eco-cities, green transport and sustainability are the main characteristics of the cities of future. This Special Issue aims to collect the original contributions of researchers, practitioners, and professionals from both industry and academia in the field of smart cities, eco-cities, green transport and sustainability. This Special Issue will publish paper proposing solutions to eco-cities, green transport and sustainability. It will be written for academics and professionals who want to improve their understanding of smart cities, eco-cities, green transport and sustainability.

The target audience of this call for papers will be composed of professionals and researchers working in the field of smart cities, eco-cities, green transport and sustainability. Moreover, this Issue will provide insights and support executives concerned with the management of expertise, knowledge, information and organizational development in different types of work communities and environments.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
