

Toward Sustainability: A Focus on Innovative Renewable Energy Harvesting Systems

Guest Editors:

Dr. Md Abdul Alim

Dr. Md Khairul Alam

Dr. Md Imran Hosen

Mr. Mohammad Ashraful Alam

Deadline for manuscript
submissions:

closed (30 September 2022)

Message from the Guest Editors

The Special Issue will also cover topics related to energy policy, energy systems, compact design, relation to power grid, renewable energy standards, public awareness, and promotional strategies for large adaption. There are many technologies that are not implemented since people are not aware of their development. Additionally, the risk of new technology is blocking the progression of a wider adaption. Discussions on how technology can be transferred to a regular person are of interest.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
