Message from the Guest Editors

Dear Colleagues,

The objective of the proposed Special Issue is to assemble original papers related to recent developments in theoretical frameworks, methodologies and applications for geohazard risk management from different worldwide regions. Case studies and review articles on assessment, early warning, long-term monitoring and mitigation are also welcome. It is expected that the Special Issue will provide the latest developments for institutions and stakeholders related to geohazard risk management on a global or regional scale.

We look forward to receiving your contributions.

Prof. Dr. Jian Chen

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
