### Message from the Guest Editors

Dear Colleagues,

The objective of the proposed Special Issue is to assemble original papers related to recent developments in theoretical frameworks, methodologies and applications for geohazard risk management from different worldwide regions. Case studies and review articles on assessment, early warning, long-term monitoring and mitigation are also welcome. It is expected that the Special Issue will provide the latest developments for institutions and stakeholders related to geohazard risk management on a global or regional scale.

We look forward to receiving your contributions.

Prof. Dr. Jian Chen
