### Message from the Guest Editors

We are honoured to serve as Guest Editors of this Special Issue to be published in *Sustainability*, which will contain papers related to the field of experimental science education that describe "hands-on" experiences and research as a path to sustainable education. Research with IBSE, Maker, Do it Yourself, Do It With Others, Design Thinking, Low-Cost Science or Experimental Citizen Science approaches that contributes to the improvement of science education, both from formal and non-formal education, will also be appreciated. We warmly invite researchers to submit their contributions, both original research articles and review papers, to this Special Issue.

Deadline for manuscript  
submissions:

**closed (31 May 2023)**

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
