Message from the Guest Editors

Dear Colleagues,

This Special Issue welcomes papers covering approaches for sustainability in HEI, strategies for overcoming resistance to change and other challenges, experiences and case studies, new methodologies, assessment methods, and university collaborations and networks. Possible topics include, but are not limited to, several facets of sustainability in HEIs:

- Education
- Research
- Resources (energy, water, waste, air, biodiversity)
- Architecture
- Mobility
- Social inclusion (accessibility, accommodation and integration of students, equal opportunity)
- Wellbeing
- Communication
- Monitoring, Assessment, and Reporting
- Strategy and Governance

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
