Valencia, 46100 Burjassot, Spain

Message from the Guest Editors

The aim of this Special Issue is to contribute toward building a sustainable integration of the technology in mathematical educational contexts. To this end, we welcome research addressing the role of technological tools and their effect on the teaching and learning of mathematics. Approaches regarding to the study of motivational or social dimensions are also included in the scope of this issue. We also accept manuscripts that examine and discuss on sustainable technological developments, oriented as educational resources for mathematical content.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
