Zealand

Deadline for manuscript  
submissions:

**closed (15 April 2022)**

### Message from the Guest Editors

The aim of this Special Issue is to address questions related to sustainable and resilient supply chains and especially how these two areas complement each other. This is an emerging area for research calling for updated perspectives, theory, conceptual frameworks, managerial tools, strategies, and operational practices. Potential topics for the Special Issue include but are not limited to the following:

- Integrating sustainability and resilience in the supply chain
- Supply chain sustainability sparks resilience and recovery
- Robust and resilient supply chain design and operation
- Performance measurement for resilient and sustainable supply chains
- Post-COVID-19 resilient supply chains
- Advances in sustainable logistics
- Business models for sustainable and resilient supply chain
- Drivers and obstacles for creating sustainable supply chain management
- Agility and responsiveness in supply chain management
- Sustainable supplier selection
- Sustainable production and inventory management
- Sustainable and resilient logistics network design

an Open Access Journal by MDPI

## Editor-in-Chief

### **Prof. Dr. Marc A. Rosen**

Faculty of Engineering and  
Applied Science, University of  
Ontario Institute of Technology,  
Oshawa, ON L1G 0C5, Canada

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
